PICKET THE C.I.A. RECRUITER

Building 250 (Dean Murphy's office) Camp Matthews

The C.I.A. is that branch of the State Department which buys foreign elections, stuffs ballot boxes and commits assassinations of the opponents of our country's friends. All of this is assumably in the interests of and by the direction of the State Department. But like any organization whose business is violence and deception, the CIA has a momentum of its own. Thus the C.I.A. doctored the "objective information" that gave President Kennedy the basis for deciding in favor of a Cuban invasion, poisoned Cuban sugar bound for Russia when the ships docked in Puerto Rico without Kennedy's knowledge, and, in general, has emerged as a strong advocate for unscrupulous cloak and dagger politics on a world-wide scale.

All of this is, of course, in the interests of freedom and the self-determination of people. This is evidently why the C.I.A. infiltrated the National Student Union, engaging their lackies to provide "another" way, the way of the "free world" at international youth student conventions. Meanwhile, the C.I.A. was paying NSA members to collect information about foreign leftists, and to subvert any "radical leanings" of the organization at home. This is why the C.I.A. was involved in the Greek Coup last year by the present fascist military government. All of this in the name of freedom.

Today, your friendly C.I.A. recruiter has come to campus to recruit the nation's brains into the nation's plots. We have planned a Halloween picket for him (masks will be provided) **BE THERE!**
